

Basic SmartPhone Photography

This basic course empowers participants with basic knowledge and skills in taking better photos and videos with smartphones (Android and iPhone). It allows participants to gain mastery over basic functions such as focus, contrast and even editing.

Course Description

Interesting highlights of the programme include:

- Orientation to basic functions of photo and video functions
- Understanding of composition and rule of thirds
- Tips on taking better portraits
- Application of lines, shapes and colours in photography
- Adding text and enhancing photos using editing apps
